

New 15 Watt Industrial Switcher

PowerGate is proud to release the Mean Well RS-15 Series Industrial Switcher offering 15 watts of single output power in a tiny 2.44 x 2.00 x 1.10" caged enclosure. This supply is ideal for industrial applications requiring small size, high reliability and simple terminal block connections.

The RS-15 Series operates on both Universal AC Input (85-264 VAC) and 120~370 VDC Input voltages. The power supply utilizes 105°C Long-Life Capacitors for improved reliability with an MTBF in excess of 1.6 million hours (MIL-HDBL-2175 / 25°C). The supply offers single output voltages ranging from 3.3-48VDC with -5/+10% adjustment ranges. An operating temperature range of -20~+70°C with convection cooled operation make this supply easy to use in practically any application. The power supplies are RoHS compliant have been safety approved to UL/cUL60950-1, TUV EN60950-1 and CB EN60950-1 and bear the CE Mark (LVD).

Small quantity is available from stock with a manufacturing lead time 8-9 weeks typical. Complete specifications are available for download from <http://www.powergatellc.com/pdfs/RS-15.pdf>. Standard 500 piece pricing is as low as \$12.75. Contact PowerGate LLC, the authorized North America distributor for Mean Well Enterprise Co. LTD, for sales and technical support at sales@powergatellc.com or (866) 588-1750.
